

SYMMONS®

COLLECTIONS

Designed to Last

From classic elegance to modern sophistication, with trend-forward finishes to enhance any project.

Built to last and designed without compromise, all backed by our best-in-class 10-Year Commercial Warranty.

A legacy of innovation that spans eight decades, where improved experiences intersect with sustainability.

Whether it's Traditional, Contemporary, or a blend with Transitional, Symmons has a decorative collection that's the perfect complement to your style.

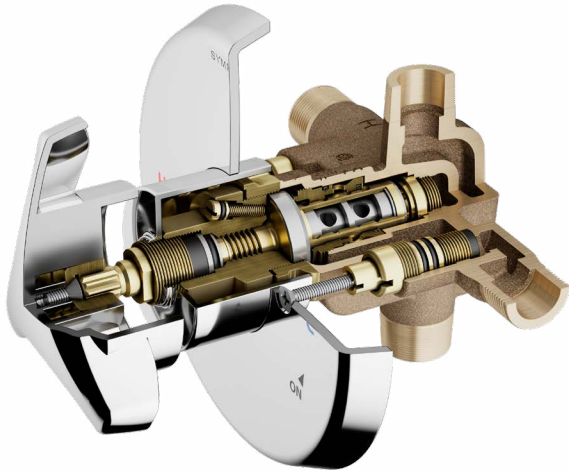

Our Decorative Collections have been designed for elegance, then crafted with the decades-long Symmons legacy of durability and reliability.

Powered by
Temptrol®

Widely considered the most durable and reliable shower valve ever made, the Temptrol valve is machined from solid brass, bronze, and stainless steel, right here in the U.S.

The Temptrol VersaFlex™ valve has an integral diverter to control a combination of any two functions—tub, shower, or hand shower—without the need for a separate diverter.

Learn more about Temptrol at:

symmons.com/temptrol

**MADE RIGHT
IN THE USA**

ONE VALVE FOR ALL TRIM STYLES

Simple, consistent installations with only one valve design. Easily change or update trim styles or finishes in minutes for a dramatic new look.

HydroMersion®

HydroMersion's fluid technology channels today's limited flow rates into best-in-class force.

HydroMersion has products to meet or exceed local, national, and provincial flow rate requirements.

Combine HydroMersion showerheads with Temptrol® shower valves for the ultimate shower experience.

At Symmons, we know a bit about fluid dynamics. Our HydroMersion technology has been integrated into our new line of showerheads and hand shower wands to transform code-restricted flow rates into full, immersive experiences.

symmons.com/hydromersion

Design Studio™

It all starts with an idea. Imagine something unique. A faucet, shower system, or accessory different from anything you've ever seen. Now imagine it's built with the highest quality parts from the inside out, backed by a customer-first culture. From ideation to creation.

Welcome to Symmons Design Studio.

Waldorf Astoria - New York
Master Bathroom

It all starts with an idea and a meeting with our Design Consultants.

Our Designers provide photo realistic renderings, Architectural & Design specifications.

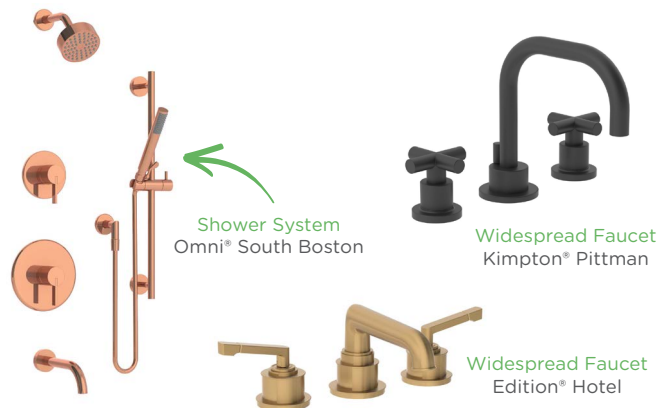

Our Engineers take that vision and build in the product definition to finalize manufacturability.

With a final design commitment, our Operations team creates your equity-building, unique products on time and on budget.

[symmons.com/stocking-program](https://www.symmons.com/stocking-program)

We make things right™

In 1939, Paul Symmons invented the first anti-scald, pressure-balancing shower valve. More than 85 years later, his vision is reflected in everything we do, and we're proud to be manufacturing our high-quality plumbing products right here in the USA.
