

Why Symmons?

We Make Things Right.

In 1939, Paul Symmons invented the first anti-scald, pressure-balancing shower valve. More than 80 years later, his vision is reflected in everything we do, and we're proud to be manufacturing our high-quality plumbing products right here in the USA.

What makes Symmons different?

Quality

We've been manufacturing our products in the Boston area **since 1939.**

100% of our valves are pressure- and water-tested in our Braintree factory.

Our **10-year commercial warranty** covers everything we make, including our sensor faucets and soap dispensers!

Customer Service

When you call our Customer Support team, we answer it **right here in Braintree, MA!**

Our new online Customer Portal helps our customers **get what they need fast.**

Our Symmons University platform trains our customers **how to install, repair, and service Symmons products.**

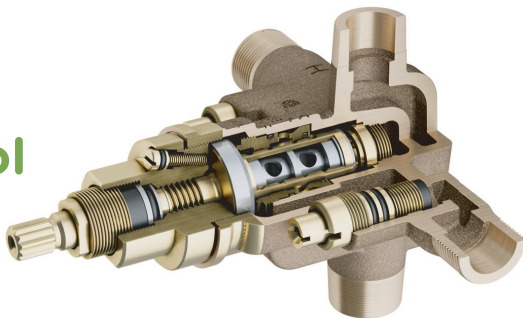

Availability

Our ReadyStock program ensures that our products ship **within 3 days, guaranteed!**

ReadyStock items are always available, regardless of the quantity!

ReadyStock currently includes more than 600 products, with more being added every day!

Solid Facts: The Temptrol Valve

✓ **Renewable Warranty!** Not only does Temptrol have the best warranty, but that warranty automatically renews when you replace the TA-10 spindle and TA-4 seats!

- ✓ **Style Updates!** Temptrol is compatible with every trim collection, style, and finish we make. Refresh the entire look in 5 minutes with just a few common hand tools!
- ✓ **Safety First!** The solid semi-red brass, bronze, and stainless-steel TA-10 spindle provides scald protection by automatically balancing the water pressure.
- ✓ **Cleaner Installation!** The Temptrol VersaFlex™ provides showerhead and hand shower operation without the need for an external diverter.
- ✓ **Easier Piping and Mounting!** Optional factory-installed PEX crimp, PEX cold expansion, CPVC, ProPress® connections, or Rapid Install™ Bracket.
